Josephine Peterson  
Chief Business Official

January 19, 2010

Dear Community Members:

The following information comes from Brian Zamora, Director of San Mateo County Health Services. It is important information about the availability of the H1N1 flu vaccine.

*The San Mateo County Health System is now offering free H1N1 flu vaccination walk-in clinics throughout the County. These clinics are open to everyone older than six months of age. To accommodate vaccinating as many residents as possible, there are multiple locations covering all four regions of the County.*

*There are flyers (translated into five languages) with all the scheduled vaccination clinics in January on the Pacifica School District's website: <http://www.pacificasd.org>. The flyers are also available to download on the County Flu Website at [www.smhealth.org/flu/vaccines](http://www.smhealth.org/flu/vaccines).*

The County Health Department continues to encourage everyone to get vaccinated. If you have any questions, feel free to contact me at (650) 738-6600, or by e-mail at [tstafford@pacificasd.org](mailto:tstafford@pacificasd.org).

Thanks you,

Thomas Stafford, Director  
Special Projects and Student Support
